## Details

---

### Cabinet Construction

- Exterior: Galvanized, pre-painted steel cabinet, white.
- Interior: Galvanized, pre-painted steel cabinet, white.
- High density, CFC-Free, polyurethane insulation.
- Illuminated header panel for attractive branding.
- Low profile fixed wheels allow for easy movement of unit and facilitate cleaning of surrounding area.

### Door

- Self closing door with brushed aluminum frame and recessed side handle.
- Low-E, tempered, thermal glass door for increased efficiency and maximum product visibility.
- Strong magnetic gasket ensures a tight seal.

### Shelving

- Heavy-duty coated wire shelves with stainless steel brackets: 14 ¾" d x 20" w
- Easily adjustable in ½" increments

### Lighting

- Bright vertical fluorescent lighting provides for maximum illumination of products

### Electrical

- Ready for connection to 115V/60Hz single phase 20 amp dedicated outlet.
- Includes a 8' cord and plugset: NEMA 5-15R

### Refrigeration System

- Forced air, environmentally friendly refrigeration system using CFC-free R404A refrigerant
- Self contained heated drain pan and condensate evaporation system.
- Automatic self defrost cycle.
- Adjustable thermostat has temperature range of -11°F to 28°F
- Top mounted refrigeration unit allows for easy maintenance and service.

### Options

- 208-230V / 50Hz
- Custom Graphics
- Additional Shelves
- Various Cabinet Colors
